### What we do?

PROVIDER  
SERVICES

PAYER  
SERVICES

BENEFITS  
ADMINISTRATION

# OUR SERVICE OFFERINGS

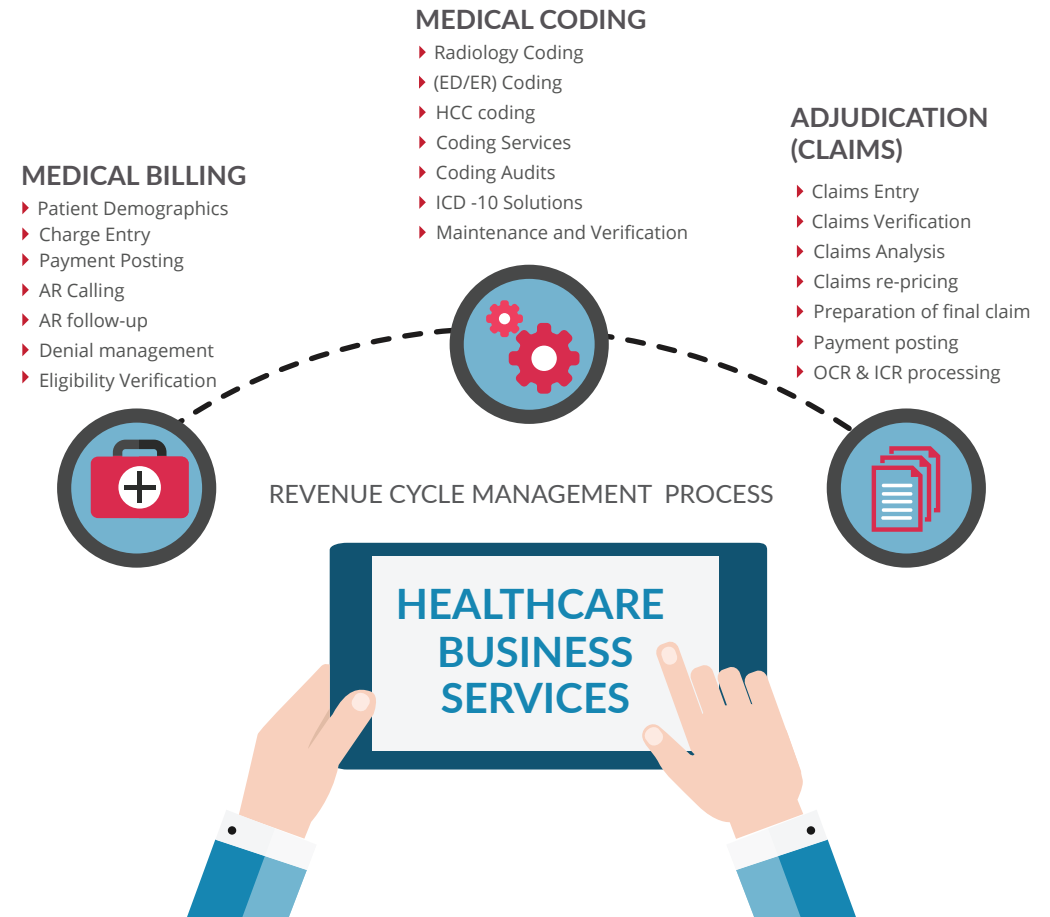

Avanze provides comprehensive healthcare business services to global clients. We manage complete revenue cycle; provide medical billing, medical coding and adjudication services.

It is our constant endeavor to deliver highest value in terms of accuracy and productivity, thus, we constantly look at various internal and external factors to re-engineer processes and achieve the best.

We understand the complexities involved in medical coding, our approach towards this business line has been unique and we have built our team with a blend of fresh and experienced coders to ensure superior quality output. We have been very successful in consistently meeting client expectations.

We also recognize that moving to ICD-10 will only increase the complexity for all those involved and thus are proactively gearing up to upgrade our resources to gain expertise in this area. We have trained resources in ICD-10 coding.

# SUPPORT - BENEFITS ADMINISTRATION

Avanze handles back-office work of few leading benefits administration companies, we assist thousands of advisors by understanding their requirements, generating multiple quotes to help them effectively manage their clients. Our team has rich experience in working with nationwide advisors right from a request for proposal to comparison of multiple carriers. Our Team consists of graduates who are well experienced with US Healthcare Portals such as Humana, Aetna, UHC, Blue Cross, Blue Shield, and Kaiser etc. We have made the complex benefits maze an easy to handle concept.
